***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Martin Katz on 7/23/99.

1. On the last line of claims 3, 6 and 8, "and pro-drugs" is now deleted; "and" is now inserted between "aminals" and "amides".

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: the instant invention relates to compounds useful for inhibiting the binding of integrins to their receptors.

The closest prior art by Zheng et al., WO 98/04247 teaches similar compounds wherein A in the chain is not a variable and only a carbon. However, in the instant invention A is a variable which is O, S or N.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
